## Selling Tips

- **Stick to the little guys** - We recommend that your retailers opt for our smaller **Sidekick** size when stocking up on Easter candles. It makes the perfect add-on for Easter baskets, and at just **\$84 / dozen**, sellers can fill their shelves without breaking the bank.
- **Keep it Sweet** - If your retailers want to create their own Easter candles, we suggest sticking to **sweet scents**, like **No. 11** (Lemon Zest & Vanilla) and **No. 13** (Pear & Redwood), and **hoppy hues**, like **Yellow Gold** and **Purple Haze** grosgrain.
